

STUDIO CC weekend workshop March 23

Saturday – Learning to love your overlocker

Kate provides workbook & fabrics – please bring \$30 cash to cover kit cost

Requirements

Students are required to bring

- Their own overlocker -**in good working order** (*having your machine serviced before class is advisable to avoid disappointment, if it's not working properly you will not get the most out of the class*)
- Foot control
- Accessories i.e. screw drivers, tweezers etc
- Rolled hem plate (if required to achieve a rolled hem on your machine- mostly older models, newer machines have a built in adjustment a slide adjustment on the needle plate which is built in)
- Spare needles – the correct system for your machine.
- Instruction manual
- 4 spools x good quality overlocking thread (4 different colours works well to help understand the stitch formation – if your overlocker has coloured threading paths try to match those colours i.e. orange, blue, red, green)
- Scissors
- Pen

Sunday – flatlock table runner

***please note this project requires a piping foot. (if you don't have a piping foot we can adapt the pattern so you can still complete the class)**

The ribbon is also optional and can be left out if you prefer

Finished size 1mtr x 45 cm

20 cm Main print (centre panel)

25 cm co ordinating print (burgundy print)

20 cm co ordinating print (gold print)
